What do the stars predict is going to happen this month then, Julia?
Let's see... who are you referring to? You or me?

Ladies first...
I predict I will be laying down in a very skimpy bikini on a beach where loads of men will be giving me the eye.

That's some prediction.
That's the unique power I have as an astrologer. And it's also because in two weeks time I'm going on holiday in Spain, so it's a fair bet that's exactly what I'll be doing!

So what's in store for us?
Right... I see a passionate relationship with a mystery woman who you will encounter in a shop. The number 23 is also very important to you and there's lots of hot sex to be had...

Woah! Really?
No, but I can't help spin out a good story! Okay, I'll be serious now... I can see lots of... hmm, this is weird.

What? What is it
I don't like the look of this. Yes there's something strange around the corner...

Huh? Tell us more!
Only on one condition...

Which is?

Give me some more work in Mayfair!

Consider it done!
So what's this prediction about our future?

I was joking, lads – I just wanted some more work off you! I reckon you'll survive the meteor impact on 24th December 2012, though…

Word has it you're about to hit the big time, Veronica…
Things are certainly looking rosey, I'll give you that.

You're always looking rosey. Especially your pink bits.
I've been in big demand, actually, going to photo sessions all over the world. Did you hear about Hollywood?

Is your head about to really swell up?
[Laughs] No, I don't think so, but it was a pretty exciting time. I was offered a part in a film!

Let's have a guess, did it involve you lying on your back in the nude?
You old cynics, no it was a proper part in a new thriller.

You're telling us they didn't want you to do any sex scenes?
Erm… okay they did.

Thought as much.

No, it wasn't a part in a porno or anything. They wanted nudity but it was a fairly straight part. I couldn't do it though because I'm fully booked until the end of the year.

You can be in one of our films if you like.

Hmm… really? What would that involve?

Definitely some nudity.

Yes I can imagine. Like I say, I'm a bit busy.

You might be the next Pamela Anderson.
She's a pushover is Pammy, besides I've got bigger boobs than her. And mine are real.

So we'll see you on *Baywatch* then?
No, I'd have to live in California for that. I'd miss Britain, and chips with mushy peas!

This is a novel shoot. Are you used to lounging around on the stairs?

I can't say it's something I do often. Call me crazy but I prefer chairs.

So you've never had sex on the stairs then?

But of course! Who hasn't? When I moved into my new flat six months ago I spent a day just shagging in every room, and it all started on the stairs.

And how was it?

A lot of fun, but kind of impractical. I wasn't able to get my legs all the way behind my ears.

Have either of you done a two-girl shoot before?
[Marti] I personally haven't, although after this I wouldn't hesitate doing another. You certainly get a taste for it.
[Val] I've done a couple before this and I always find it a little odd because I don't consider myself to be bi-sexual.

Then you're a great actor! This shoot looks like the real thing.
[Marti] Yeah, I don't believe you, Val, you worked wonders with your tongue.
[Val] You old charmer. It's true, though, I'm completely straight.

We're not convinced.
[Marti] Come off it, Val, you're having me on. Besides, even if you were straight, I reckon I could change your mind if we were in private.
[Val] How would you do that?

This is getting interesting…

[Marti] First I'd get you naked and then kiss and touch you all over until I could feel your pussy get nice and wet.

[Val] Hmm… I'm still not sure about it.

[Marti] Then I'd go down on you to lick and fuck your fanny with my fingers.

Steady on!

[Marti] Then I'd give you a deep french kiss and beg you to squeeze my tits and explore my sexy parts! Sound good?

[Val] Did you honestly think I was totally straight?
[Marti] So you were joking? Oh, ha, ha, very funny.
[Val] I just wanted to hear you talk me into it!
[Marti] And have I?
[Val] Too right! I'm as horny as hell. Somebody call a cab!
Hey, don't forget to take a camera with you!

Okay, Nikki, how can mere mortals like us turn you on?

I'd like to say by treating me to a candle lit dinner, buying me expensive gifts and pampering me. But the reality is probably to get me a bottle of wine and some condoms!

You can't be that easy?

I'm a down-to-earth girl, and I think a lot of men like that.

But you're an exhibitionist, right? You must be!

I guess I am. It's a weird thought that lots of people are looking at me naked!

Is this the way you usually have a picnic?

I'm not normally this naked I must admit.

You look good enough to eat.

I was glad to get the shoot over with. What with the wasps…

Wasps?

Yes, wasps. They were buzzing around my fruit.

Oo-er, missus!

There's always some problem with outdoor shoots.

You didn't get stung did you?

No, thankfully. But if I had I'm sure there would have been somebody on hand to kiss it better for me…

Jasmine is a groovy name. What does it mean?

It means 'She who goes like a train when in the sack'. At least, I like to think it means that.

So do you?

What? Go like a train? Absolutely! I'm not one to boast unless I can live up to my claims. I'm a sex rocket, mate!

Do you find it difficult finding men who can go the distance?
Finding men certainly isn't too much of a problem, but so many come far too quickly. They only have to kiss me and they're shooting in their shorts.

You like a man with stamina?
Yes, plenty of staying power and less of the big talk. I often find that men who are all mouth have nothing to offer where it counts. Having said that, if they can use their mouth for something other than talking I'm willing to let them try!
